IN-PERSON & VIRTUAL SATELLITE SESSION

This option offers an in-person session room with smaller room capacity. It includes standard conference set up (chairs, stage and podium) with audio-visual equipment.

An unlimited number of virtual delegates can attend.

Satellite sessions take place in the conference center but are fully organized and coordinated by the organization hosting the satellite. Conference organizers make satellite slots available for a fee, based on the room capacity and the time slot, and will allocate slots based on the overall conference programme. The programme committee will review the contents and speaker of the satellite sessions to ensure that they meet the scientific and ethical principles of the conference.

Criteria for approval include the following:

- Satellites should reflect and/or support the vision and goals of the conference.
- Satellites should address HIV/AIDS, co-infections, Hepatitis, COVID-19 or issues faced by individuals or organizations affected by or responding to the HIV/AIDS epidemic.
- Satellites should reflect conference policies and goals of diversity and inclusion.
- Satellites should address issues of emerging infection.
